Alger Pediatrics Immunization Policy

Please review and sign our immunization policy as outlined below:

- We believe in the effectiveness of vaccines to prevent serious illness and save lives.
- We believe in the importance of routine childhood vaccines.
- We believe that all children and young adults should receive the recommended vaccines according to the schedules published by the Centers for Disease Control and Prevention (CDC) and the American Academy of Pediatrics (AAP).
- We believe that vaccinating children and young adults is one of the most important health-promoting interventions pediatricians can provide.

As a parent/guardian, I agree to immunize my children according to the schedules set by the CDC and AAP for their care at Alger Pediatrics.

Parent/guardian name: _____

Parent/guardian signature: _____
